Dear Customer,

Fuel Surcharge Quarterly Review – 1st February 2024

Please be advised that the quarterly revision of the fuel surcharge has now been concluded. The fuel prices dropped slightly at the beginning of the period since the last revision but have settled again in recent weeks, with a likely upward trend. The prices still remain higher than planned; with an overall upward trend in the subject period. The below chart provides the impact on fuel prices using purchases in January 2022 as the base.

Therefore, the temporary fuel surcharge implemented on 01st May 2022 will remain at its current level and will be reviewed again in three months' time.

Thank you for your continued support.

For and on behalf of the Port of Sheerness

Yours sincerely,

Richard Goffin
