The Company does not guarantee the availability of the Equipment which is subject to the operational requirements of the Company from time to time.

3. The Equipment may in an emergency or other special circumstance be taken from the Applicant for use elsewhere and no liability whatsoever shall attach to the Company in respect thereof.

4.1 The Company will not provide any labour in connection with the use of the Equipment except the driver of the Crane, and where the Company is also the stevedore, Port Operations Workers. The driver of the Crane, and any of the Company's Port Operations Workers engaged with the Equipment, shall be deemed to be the servant and under the complete control of the Applicant for all purposes. The Applicant shall not cause or permit any person other than the Applicant to have the use of the Equipment. The Applicant shall not require any driver of the Crane or other employee of the Company to act in such a way as to endanger themselves, or any other persons or property.

4.2 The Applicant or his Principal must provide all necessary tackle (including beams, slings, chains, ropes and shackles) for attaching to the Crane the article to be lifted, and all labour for preparing, fixing and unfixing such tackle. Subject to availability, grabs for use with the Crane may be provided by the Company upon request.

In the event of a dispute as to the weight of a lift, the weight recorded on the Crane's weight meter shall be deemed to be the actual weight of the lift.

6. The Applicant shall comply with the provisions of the Factories Act or any Regulations or Orders made thereunder (other than the provisions relating to the construction, examination or maintenance of the Equipment or of any tackle belonging to and used with the permission of the Company) and shall indemnify the Company against any claim, including any costs relating thereto, and against any costs and expenses incurred by the Company in connection with any claim for loss (including consequential loss), injury (including death) or damage alleged to be attributable to any contravention of the said provisions.

7. The Company shall not be responsible for, but shall be indemnified by the Applicant against, any claim (including any costs relating thereto) and against any costs and expenses incurred by the Company in connection with any claim for loss (including consequential loss), injury (including death) or damage alleged to be attributable to any act, neglect or default of any driver of the Crane or of any other employee of the Company engaged for the time being in connection with the Equipment, or to any delay arising from any failure or breakdown of the Equipment or in supplying the Equipment at the time appointed. Any damage done to the Equipment or other property of the Company by reason of the use of the Equipment shall be made good at the expense of the Applicant, provided that this indemnity shall not apply to any claim for damage done to the Equipment or other property of the Company attributable to any act, neglect or default of any driver of the Crane or of any other employee of the Company engaged for the time being in connection therewith where such act, neglect or default is the sole cause of the said damage save where acting under the explicit instructions of the Applicant in accordance with the provisions of Clause 4.1.

8. Use of the Equipment outside the Company's docks shall be subject to these terms and conditions unless the Company specifies otherwise in writing.

9. The rates for the hire of the Equipment are chargeable for each application for hire whether the Equipment is used or not. An Applicant will not be permitted to retain the Equipment beyond the agreed finishing time except with the permission of the Company's relevant Terminal Manager. An Applicant who books time in excess of that required will be liable to charges for the excess time.

10. Unless otherwise stated to the contrary by the Company, the rates quoted by the Company for the hire of
the Equipment shall include the cost of any electricity, petrol or other fuel consumed by the Crane.

11. For the purpose hereof, the term "relevant Terminal Manager" shall be deemed to include his Assistants.

12. Except where inconsistent with these Terms and Conditions the Company's relevant Terms and Conditions for handing cargo in force from time to time shall apply in relation to the hire of the Equipment.
