

NOTICE TO PORT USERS

PORT OF LIVERPOOL

PILOT LAUNCH FUEL SURCHARGE

NOTICE IS HEREBY GIVEN that, due to ongoing geopolitical disruptions that have resulted in further increased fuel costs, on and after 1 October 2026, pilotage services requiring a pilot launch will be subject to a revised fuel surcharge determined by reference to the pilot station at which a pilot is boarded or landed:

- **At Liverpool Bar Station** £204.00 per boarding or landing
- **At Lynas Station** £ 66.00 per boarding or landing

Vessels requiring the services of an assistant pilot will incur only one fuel surcharge for boarding or landing for both the pilot and the assistant pilot.

The surcharge will be levied in addition to all other applicable pilotage charges.
