

NOTICE TO MARINERS

No 09/18

APPROACHES TO THE RIVER CLYDE

BARONS POINT DG RANGE

Mariners are reminded of the existence of underwater cables running from Barons Point to the 25m no fishing/anchorage DG Range area.

Damage has been caused to the cables by unknown activities.

All mariners including Trawler and Static Gear Fishermen are required to consult Admiralty Charts and to avoid underwater activities in the vicinity of the Range and cables.
