Due to the nature of the work it will be necessary to schedule movement of larger vessels passing the dive location outside of the diving windows whenever possible. All vessels must contact 'Yarmouth Radio' on VHF Ch12 to advise their intention to navigate past the dive location giving as much notice as able. Smaller vessels may be able to pass whilst divers are working but must do so only after assent and at the slowest safe manoeuvrable speed giving a wide berth. The dive supervisor will be contactable on VHF Ch12 callsign '**Red7 Divers**'. Mariners are advised to contact Yarmouth Harbour Office or LPS Service for more information.
