

NOTICE TO MARINERS

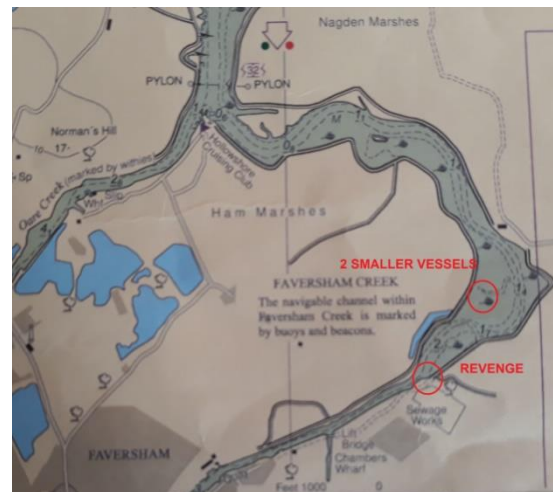

No. 06 – 2019

THE SWALE - FAVERSHAM CREEK

Vessels Aground

NOTICE REMAINS IN FORCE that, due to the exceptional high tides experienced November 2017 a vessel has been stranded in the upper reaches of Faversham Creek.

The vessel 'Revenge' is firmly aground in the vicinity of the Sewage Treatment Works on the east side. The vessel has settled with a heavy list towards the middle of the creek. In 2018 the masts were removed as they were causing an obstruction to the navigable channel. She was subsequently set on fire and remains in the same position as a metal frame wreck. Vessels should pass with extreme caution.

Salvage operations will be taking place.

Further information may be obtained from Medway VTS on VHF Channel 74, call sign "Medway VTS" or telephone 0151 949 6148 or 0156.
