

NOTICE TO MARINERS

№68 – 2024

PORT OF LIVERPOOL

PERMANENT CLOSURE OF BRAMLEY-MOORE DOCK

NOTICE IS HEREBY GIVEN that work has been completed on the permanent closure of Bramley-Moore Dock, and the special mark buoys mentioned in Notice to Mariners №54/2021 have been removed.

Warning signs (an example of which is shown below) have been positioned on either side of the entrance to the former passageway leading from Sandon Half-tide Dock to Bramley-Moore Dock. Vessels must not pass beyond these signs because the closure cofferdam is submerged within the passageway.

Notice to Mariners №54/2021 has been withdrawn.
