

Moving Forward Together

Future proof your supply chain with innovative, efficient and sustainable cargo solutions

The intersection of Brexit and COVID-19 has left supply chains exposed and vulnerable, with thousands of businesses impacted by congestion and container port disruption.

Such challenges are likely to continue in the short-term, and businesses will need to explore alternative gateways for exporting and importing cargo, bypassing congested ports and ensuring goods reach their end destination without delay.

Peel Ports is the ideal partner to future proof your supply chain.

Our strategically located network of ports including **Liverpool**, **Scotland** and **Dublin**, offers businesses a viable alternative to southern ports to help avoid congestion and long road journeys via our multi-port offer.

Our sites

1. Liverpool

- New global route connections opening up additional capacity.
- Liverpool2, once completed will enhance global connectivity to accommodate larger vessels as well as direct services into the Port of Liverpool.
- Extensive land footprint and space availability to support storage of goods, including empty containers with 24/7 security.
- The Port of Liverpool has excellent connections to the national motorway and rail network, enabling logistics operators to service both Scotland and the south with same day delivery, key for critical supplies.

2. Greenock Ocean Terminal

- Leading West Coast container terminal with feeder services connecting Southampton, Liverpool, Belfast, Dublin, Bilbao, Le Harve, Antwerp and transhipment options from Lisbon, Leixões and Rotterdam.
- 25,000 sqm of flexible storage solutions, offering stuffing and unstuffing on site reducing transport and empty repositioning costs.
- The quay's length is 372m with 12.6m unrestricted draft, 3 ship-to-shore cranes and multiple straddle carriers.
- Open 7 days a week, offering greater flexibility and exceptional customer service.

3. Dublin

- We operate one of Ireland's leading container terminals, Marine Terminals Ltd (MTL), handling nearly a third of Dublin's container traffic.
- The Irish Sea Hub, formed by Dublin, Greenock, Belfast, Cork and Liverpool, addresses the imbalance of empty containers across the UK and Ireland by offering a flexible and reliable solution, in partnership with BG Freight Line.
- Operated under one management team and one platform, the Irish Sea Hub will simplify and streamline your business across the Irish Sea.
