

NOTICE TO MARINERS – No. 04 2021

PORT OF GREAT YARMOUTH

International Catering Waste (ICW)

MARINERS ARE HEREBY ADVISED that the definition of **International Catering Waste** as applied to waste landed from vessels has changed.

For further information please see <https://www.gov.uk/guidance/handling-and-disposing-of-international-catering-waste>.

The Master and Owners of a vessel remain responsible for disposing of ICW in the correct way. This includes submission to the Harbour Authority an accurate record of waste to be landed/retained onboard. The preferred format for submission is via CERS3 Workbook.

The waste bins provided on common user berths within the Port of Great Yarmouth remain intended for Domestic Catering Waste only (not ICW). Vessel Masters/Owners are responsible for making arrangements for correct disposal; either directly, or through vessel agents/Port Authority.

Declaring waste as domestic catering waste

The Master of a vessel wishing to land domestic catering waste must complete a written declaration and submit to the Port Authority. The Domestic Catering Waste declaration form can be downloaded at;
