Medway Approach Channel Dredging Operations

NOTICE IS HEREBY GIVEN that dredging operations are due to take place in the Medway approach channel. Dredging is due to commence on or around 23rd September 2026, with completion expected by 1st October 2026. Initial dredging will be carried out over 5 days by the trailing suction hopper dredger “Vox Alexia”, which will be piloted at all times. “Vox Alexia” will maintain a listening watch on VHF Channel 74 at all times and display the required signals for respective operations by day and night. Dredging will be focused in the area of the Medway approach channel shown below.

All vessels transiting the Medway approach channel during the dredging period are requested to navigate with caution, reducing speed and wash accordingly.

Issued on behalf of Port of Sheerness Ltd, the Statutory Harbour Authority for the River Medway and The Swale
Telephone calls, VHF radio traffic, CCTV and radar traffic images may be recorded at
the Peel Ports Group Port Control Centre, Liverpool.
