

Dear Customer,

I am writing to advise you that the published Port Charges for the Port of Sheerness have been reviewed for 2022.

With effect from 1 January 2022, charges for pilotage, quay/special rent and other sundry charges will be adjusted by an underlying increase of approximately 6%, which is in line with the 12-month change in the Retail Prices Index (all items) to October 2021.

Additionally, charges on vessels, goods and line handling will be adjusted by an underlying increase of approximately 8.5%, which is based on Retail Prices Index (all items) to October 2021 plus additional costs to cover government mandated increases to National Insurance contributions, Peel Ports Group decarbonisation commitments and increases in taxes relating to the diesel fuel costs.

The Pilots' National Pension Fund (PNPF) supplement applied to pilotage, PEC and boarding and lading charges will be held for 2022.

The schedule of Port Charges for 2022 is now available to download from our website.

Thank you for your continued custom and support.

Richard Goffin

Port Director – South East Ports Cluster
