

# NOTICE TO MARINERS

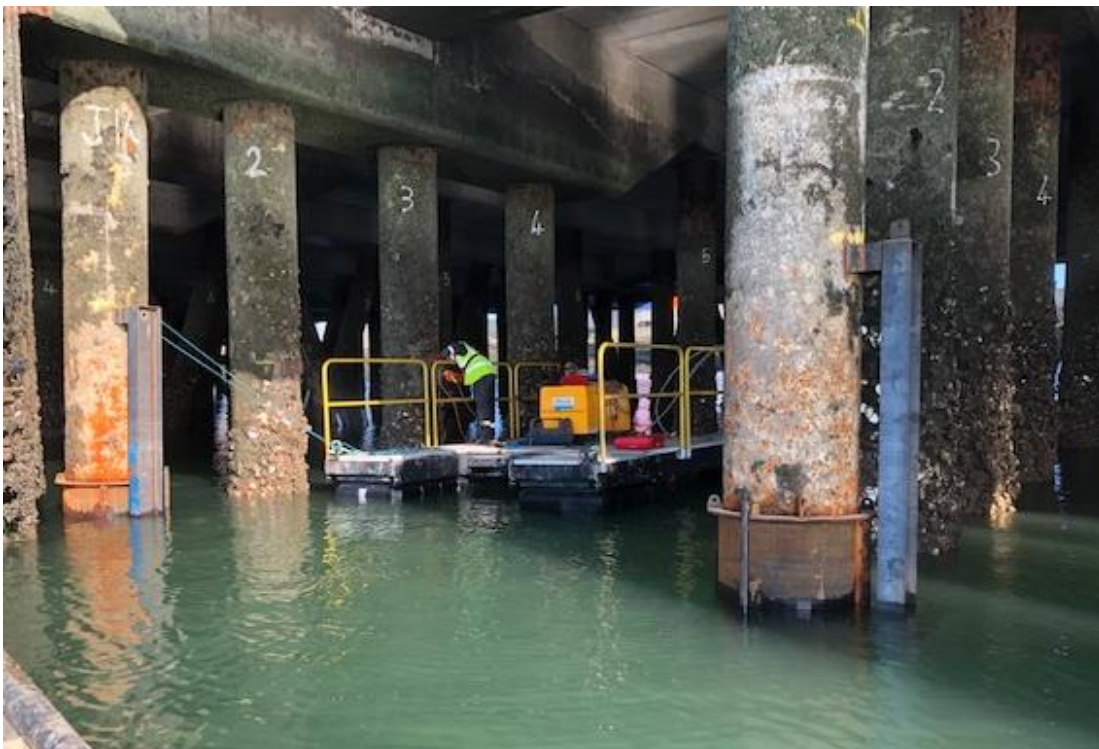

**No. 38 – 2023**

## River Medway - Saltpan Reach London Thamesport Diving Operations and CP Installation Works Underneath the Quay.

**Notice is hereby given** that a programme of work including diving operations is due to commence at London Thamesport Terminal. The work is the next phase of cathodic protection (CP) installation to the existing tubular piles supporting the London Thamesport quay deck.

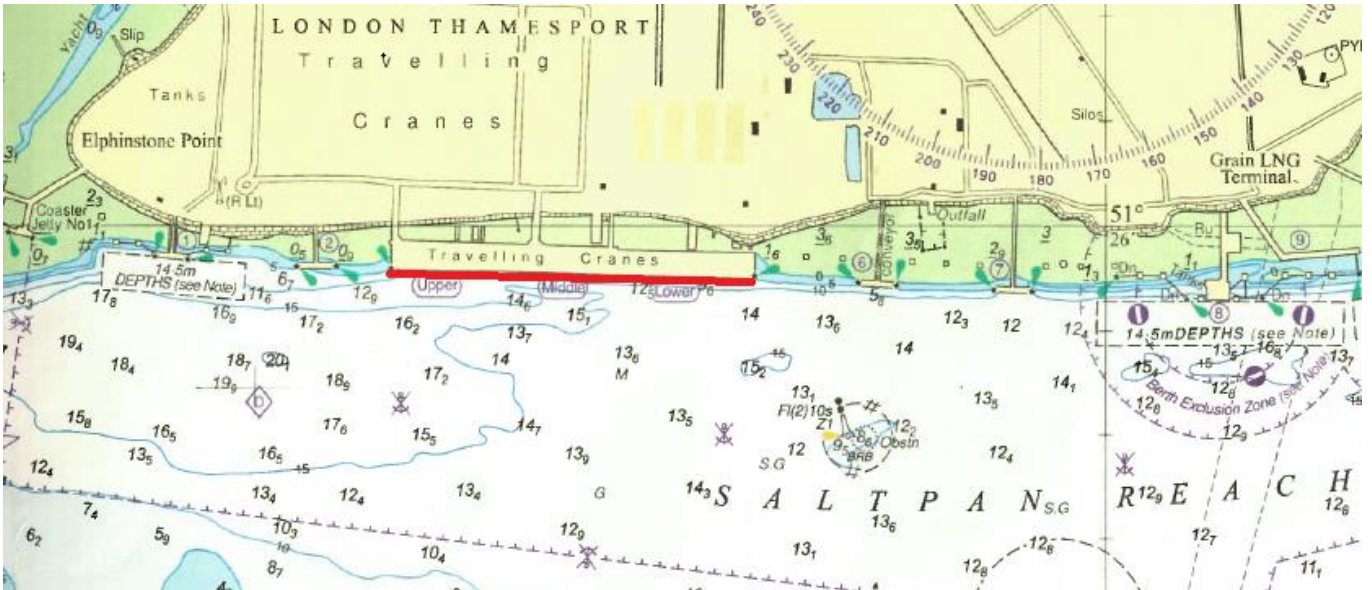

Work will commence on or around Monday 23/10/2023 with an estimated completion date of 12/11/2023, all works will be carried out by a small workboat and/or a floating work platform which will be lifted in/out daily by quayside crane. The works team will liaise daily with the terminal supervisors who will advise them of expected vessel movements. The dive supervisor will monitor VHF channel 74 at all times and notify Medway VTS when divers enter and exit the water, call-sign for the divers is **“Ocean Kinetics Divers”**

Floating work platform to be utilised around the berth piles

All vessels arriving/departing London Thamesport should confirm the status of diving ops prior to berthing/unberthing.

All passing ships and leisure craft should navigate with caution and reduce their wash appropriately.

Admiralty Chart No. 1834 refers.

Further information may be obtained from Medway VTS on VHF Channel 74, call sign "Medway VTS" or telephone 0151 949 6148 or 0151 949 6650. **(Recorded Lines)**
