

Mariners are advised that hydrographic surveys are planned in the River Clyde between the River Kelvin and Port of Greenock from Monday 5th October 2026 for a period of approximately three weeks.

This work will be carried out by the survey vessels below:

Remote Sensor	Coastal Sensor II	Marine Sensor
		

Survey vessels may be restricted in ability to manoeuvre during operational periods. Mariners should navigate with additional care when transiting the area.

A listening watch will be maintained on VHF Ch12.
