PORT OF LIVERPOOL

ISLE OF MAN FERRY TERMINAL – AID TO NAVIGATION

NOTICE IS HEREBY GIVEN that an aid to navigation has been established on the south-western corner of the linkspan pontoon (which is situated immediately to the south of the entrance to the former Waterloo Lock) of the new Isle of Man Ferry Terminal, as follows:

Characteristic: Two vertical fixed red lights

Position: 53° 24' 44.38" N 003° 00' 10.84" W

Mariners should update their records accordingly.

Additional aids to navigation will be installed at the new Isle of Man Ferry Terminal as the construction project nears completion, and further Notices will be issued as these additional aids to navigation are commissioned.
