

NOTICE TO MARINERS

NtM 38 - 2026

PORT OF EAST ANGLIA

ENVIRONMENT AGENCY – EPOCH 3 WORKS

NOTICE IS HEREBY GIVEN that the Environment Agency and BAM Nuttall will undertake works within the river adjacent to Berth 19 from 22 October to 30 October 2026.

The works will be carried out from a personnel-riding basket, which will be deployed and recovered by a mobile crane operating from Berth 20 (Bryant's Wharf). The works will comprise the removal of a steel sample from the sheet piling using a hand-held, battery-powered grinder, followed by the welding of a replacement steel section to repair the resulting opening.

Throughout the works, the personnel-riding basket will remain within 2 metres of the sheet-pile capping beam to minimise disruption to river traffic

Figure 1: map showing the proposed works area.

Mariners are requested to keep well clear of the works area and to proceed at a suitably reduced speed when passing. All vessels should minimise wash and avoid any unnecessary disturbance that may affect the safety of personnel working within the basket or the safe conduct of the works.

Further information may be obtained by contacting the Harbour Office on 01493 335500.
