

Mariners are advised that Buoy No 4, FI R 2s, currently in temporary position 55°95.731'N 004°75.748'W will be relocated to its previous charted position 55°57.338'N 004°45.357'W.

The work will be carried out by Forth Constructor when tidal conditions are favourable for access to the location. This NTM will be cancelled when the buoy has been relocated.

Mariners are requested to navigate with additional caution in this area and remain well clear of the vessel.

A listening watch will be maintained on VHF Ch12.
