

NOTICE TO MARINERS No 48/23

RIVER CLYDE – TEMPORARY TIDAL AND ENVIRONMENTAL DATA LOGGERS

Chart 2007

Mariners are advised that works to install temporary tidal and environmental data loggers is planned from Wednesday 10th May until approximately the end of May 2023 in the various locations indicated on the drawing below. This work is in support of a University research project and the equipment will be checked at regular intervals by the project team.

The equipment will consist of multiple unlit mini buoys (approx. 20cm length) installed on metal rods buried into the sediment in marsh areas outwith the River Channel.

Mariners are requested to navigate at safe speed to minimise the effect of wash.

Estuary Radio may be contacted on VHF Ch 12 or on ☎ 0151 949 6651.
