The Medway Vessel Traffic Service (VTS)

Group Port Control Centre - Liverpool
Telephone: **0151 9496148 - VTS**
Email: **medway.navigation@peelports.com**

Peel Ports London Medway maintains the Medway Traffic Service at GPCC - Liverpool (Telephone: 0151 9496148) for the purpose of providing Radio and Radar assistance to vessels navigating in the River Medway and the Thames Estuary. The Station (Call Sign 'Medway VTS') is manned on a 24 hour basis and keeps a continuous radio watch on the following International **VHF Channels: Channels 16, 74, 73 and 22.**

The Medway VTS will, on request, pass information relating to shipping movements, the navigational channels, meterorological and tidal conditions, to the Masters and Pilots of Vessels in the Medway area. This information will also be available on request to owners or their Representatives or Agents. No Charge will be made for receiving or despatching such messages, which must be restricted to matters appertaining to the arrival, berthing and anchoring and departure of vessels, and matters concerning navigation aids, the general navigation and safety of ships and persons within the Medway area. Messages of any other nature and messages of a personal character will NOT be accepted.

LNG Exclusion Zones

(General Direction 13)

Navigation of all vessels (inc. leisure & PWC) in relation to the LNG terminal.

LNG vessel alongside: All vessels must keep at least 250 mtrs clear of the vessel. (Purple dash line)

No LNG vessel alongside: All vessels must keep at least 150 mtrs clear of the jetty. (Blue dash line)

FAILURE TO COMPLY WITH THE GENERAL DIRECTION IS AN OFFENCE, AND WILL RESULT IN ACTION BEING TAKEN AGAINST OFFENDER.

MEDWAY PORTS RIVER BYELAWS 1991
BYELAW No. 22

VESSELS TO BE NAVIGATED WITH CARE AND CAUTION

No person shall navigate a vessel:

(1) Without care and caution or at a speed or in a manner which, having regard to all the circumstances at the time, including weather conditions and the type, condition and use of other vessels under way, berthed or moored, or which might reasonably be expected to be underway, berthed or moored, endangers the safety of, or cause injury or damage to any person, any other vessel, buoy, moorings, banks of the Port or the Medway approach area or any other property.

(2) Without reducing speed and wash effect to a safe level before passing a dredger or a vessel engaged in diving operations, underwater work, removing a sunken vessel or other obstruction or working at any buoy or mooring.

(3) Without the written permission of the Harbour Master, and subject to paragraphs (1) and (2) above at a speed exceeding:

(a) six knots through the water westwards of the longitude of Folly Point.

(b) eight knots through the water in Queen borough Harbour, within the area between a line joining Swale Ness and Queenborough Point and a line drawn 270 degrees from Long Point to the shore.

(c) eight knots through the water South of Kingsferry Bridge.

(d) provided that this bye law shall not apply:

(e) where the vessel is being used for fire, rescue, ambulance, law enforcement or police purpose or the purpose of the Authority's harbour service, if the observance of the byelaw would be likely to hinder the use of the vessel for the purpose for which it is being used on that occasion.

BYELAW No. 24

SMALL VESSELS NOT TO OBSTRUCT FAIRWAY

The master of a small vessel which is not confined to a fairway shall not make use of the fairway so as to cause obstruction to other vessels which can navigate only within the fairway.

BYELAW No. 25

NOTICE TO BE GIVEN OF POSITION OF SUNKEN VESSEL

The Master of a vessel which has sunk or has grounded should as soon as practicable give to the Harbour Master notice thereof and of the position of such vessel and such particulars as may be required for the safety of navigation.

BYELAW No. 26

NOTICE TO BE GIVEN OF INCIDENTS

The Master of a vessel which has been in collision, or on fire, or has sustained damage or which has caused damage to other vessels or property shall as soon as practicable give notice of the incident to the Harbour Master and, where the damage to a vessel is such that it affects or is likely to affect her seaworthiness, the Master thereof shall not move the vessel, other than to clear the fairway and moor or anchor in safety, except with the permission of the Harbour Master and in accordance with his directions.

BYELAW No. 27

NOTICE TO BE GIVEN OF DAMAGED VESSELS

The Master of a vessel which has sustained damage outside the Port or the Medway approach area which affects or is likely to affect her seaworthiness, or from which oil or some dangerous or flammable substance is escaping or is likely to escape, shall give notice thereof to the Harbour Master and the vessel shall not enter the Port or the Medway approach area, except with the permission of the Harbour Master and in accordance with his directions.

BYELAW No. 32

NAVIGATING WHILST UNDER THE INFLUENCE OF DRINK OR DRUGS

(1) No person shall navigate or attempt to navigate a vessel when unfit by reason of drink or drugs to do so.

(2) No master or owner of a vessel shall knowingly cause or permit any person to navigate or attempt to navigate that vessel in contravention of this byelaw.

BYELAW No. 40

VESSELS NOT TO ANCHOR IN A FAIRWAY

Except in an emergency, the master of a vessel shall not anchor in a fairway or in any other area which has been designated a prohibited anchorage by the Authority as shown on the Admiralty Chart.

BYELAW No. 53

BOAT RACES, REGATTAS

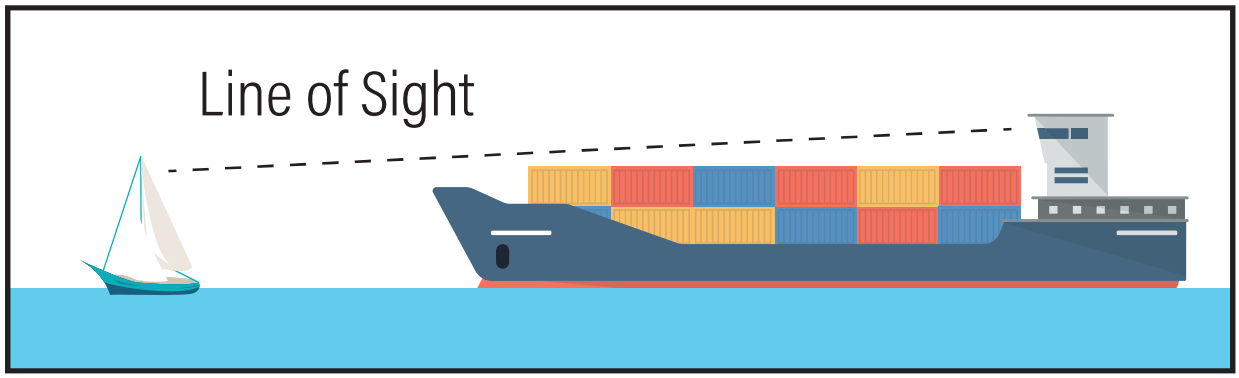

The organiser of any boat race, regatta, public procession or similar event, when a number of vessels are expected to assemble on the waters of the Port or Medway Approach Area shall give not less than twenty eight days notice thereof to the Harbour Master.

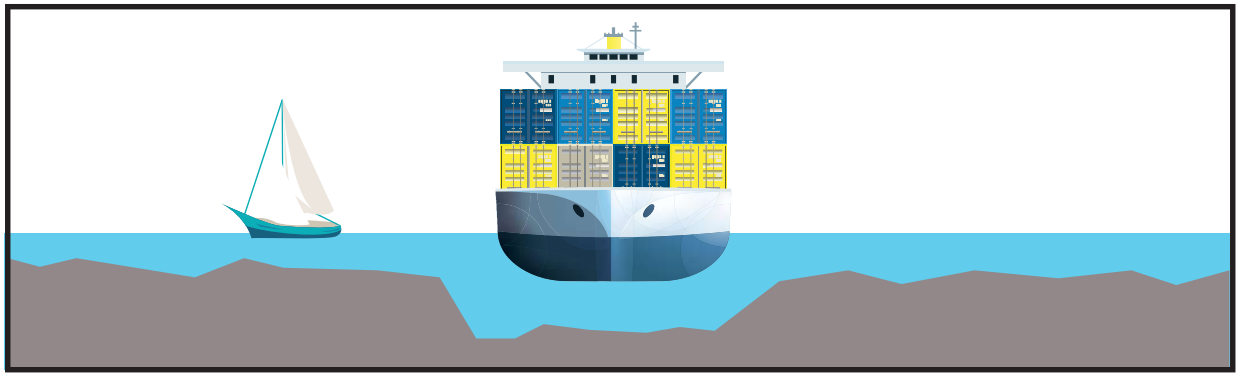

The organiser shall ensure that the event is conducted subject to the Harbour Master's conditions and on courses and at times previously approved by the Harbour Master.

All vessels including leisure craft must maintain a proper look-out as per Rule 5 of COLREGs.

A small craft cannot always be seen from a ship's bridge, the 'blind arc, can be up to one mile ahead and half a mile either side of the bow. **If you cannot see the bridge, the bridge cannot see you.**

Due to their size, ships in narrow channels may not have the room to take avoiding action. You shall not underestimate the speed of ships and if, near large vessels, you should ensure that you stay well clear and take evasive action, ensuring you obey the COLREGS.

Large vessels have little room to manoeuvre in narrow channels

PEEL PORTS
LONDON MEDWAY

Jet Skiing in the Medway Estuary and Marshes and The Swale

If you are using a Jet Ski on the Medway or Swale you MUST:

Protect the local environment by adhering to the speed limits and following navigation rules.

Pay attention to the appropriate 1991 Medway Ports River Byelaws:

-22. Vessels to be navigated with care and caution.
-29. Prohibition of nuisance.
-31. Jet skiing prohibited areas.
-32. Navigating whilst under the influence of drink or drugs

Stay away from the marshes and other sensitive habitats including beaches where birds may be nesting.

Look out for signs that warn of nesting bird species and avoid those areas

Navigate with care and caution, avoiding emissions of noise.

Pleasure Craft and Other Small Craft Charges Information

There is a compulsory annual charge in the form of a registration fee, payable by pleasure, leisure and any other small recreational craft including propelled and steered by directionally controlled water jet, with the exception of dinghies under 5.1 metres in length.

This is an annual composite charge, which is not subject to any discount or reduction and its payable for a period of 12 months, between 1st April 2024 and 31st March 2025.

The registration can be completed online, please use the following link: **https://peel-ports.myshopify.com/**

Should you require further assistance, please contact **Medway.MarineLicensing@peelports.com**

In the event that the owner of the pleasure, leisure and any other small recreational craft including propelled and steered by directionally controlled water jet, transfers ownership of it, they must ensure that change of ownership information and documentation, as applicable, is submitted to the Port Authority. If such information or documentation is not provided, or details are materially incorrect, the owner of the craft will remain liable for all charges, expenses and costs in relation to the relevant craft.

For detailed information about Port charges, please always refer to Port of Sheerness Ltd., Port Charges 2024. Available from ...
www.peelports.com/marine/our-ports/london-medway

Special Note on the:

KINGSFERRY BRIDGE

The centre span of Kingsferry Bridge lifts to allow passage of vessels. Vessels fitted with VHF may communicate with the Bridge on Channel 10. For those vessels without VHF, the recognised visual signal for requesting a lift is a bucket in the rigging. The sound signal is one long blast followed by four short blasts.

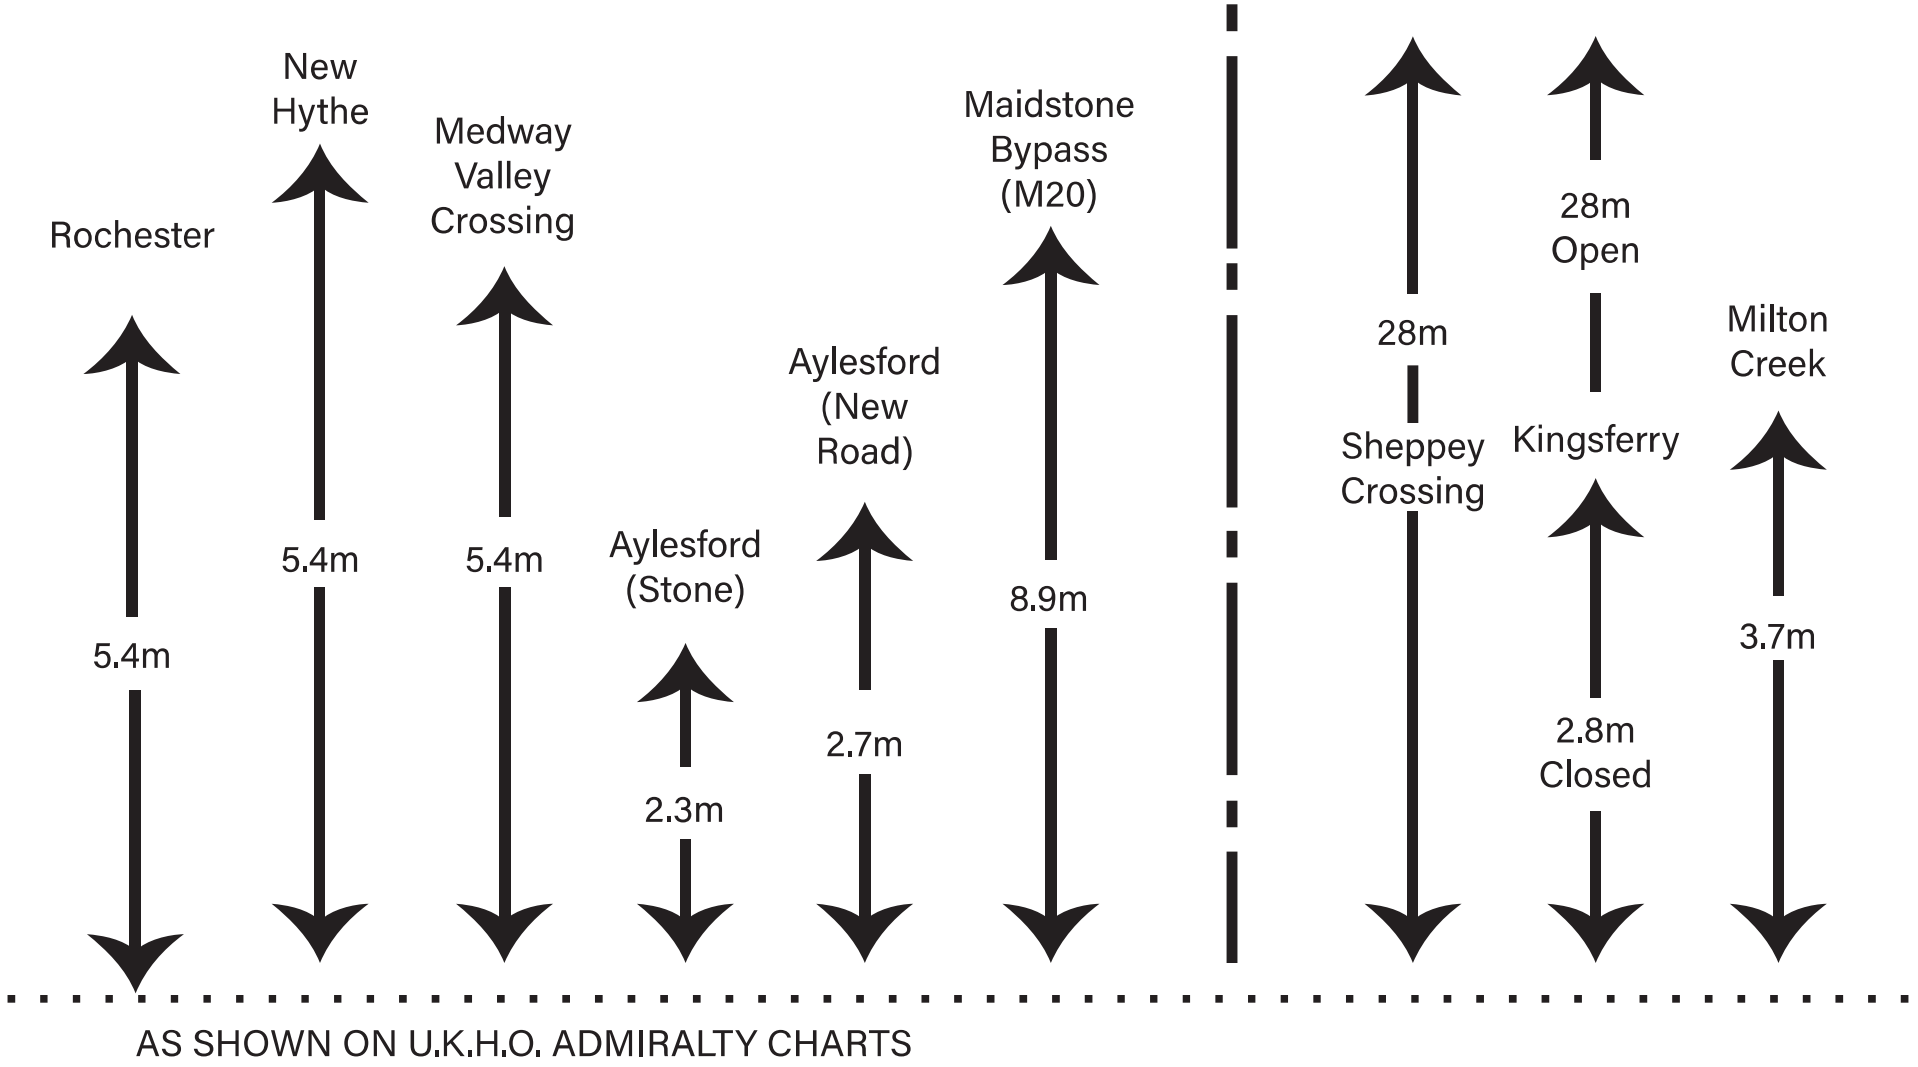

The following signals are exhibited on the bridge:

LIGHTS	EXPLANATION
	**NO NAVIGATION**
	**TWO WAY TRAFFIC NO PRIORITY**
	**ONE WAY TRAFFIC YOUR PRIORITY**

KINGSFERRY BRIDGE TRANSMITTING PROCEDURE

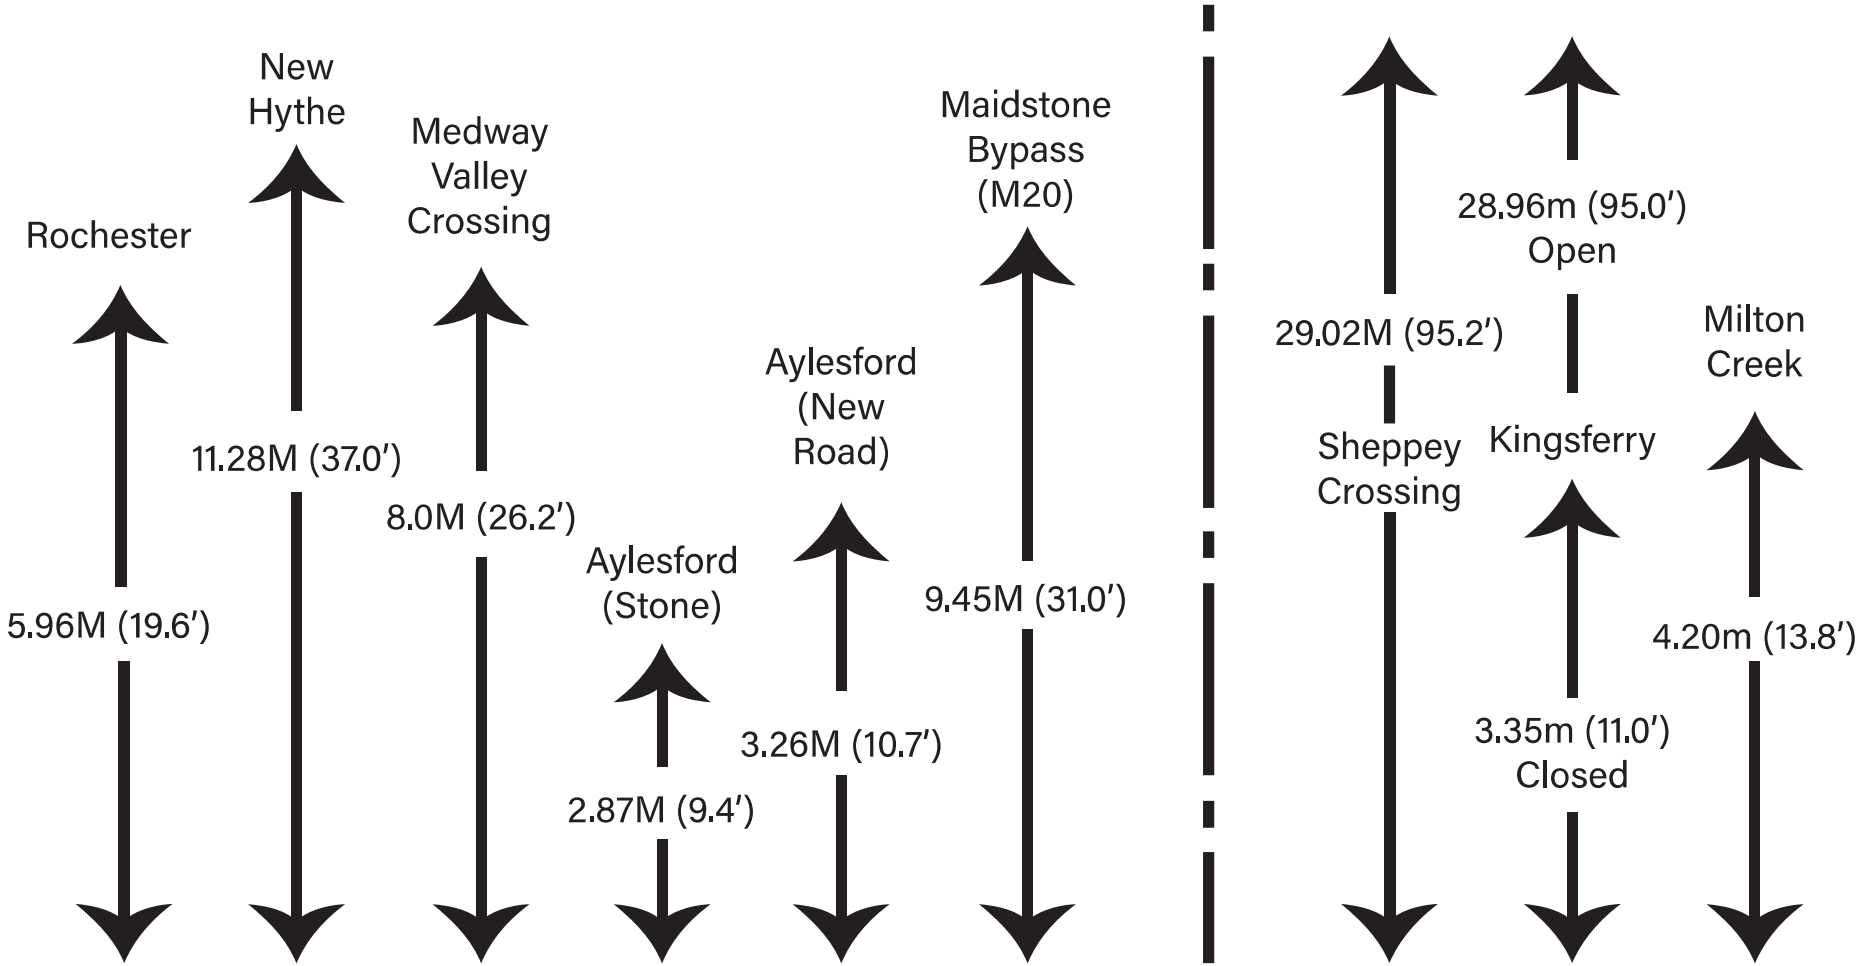

1. When in VHF radio range of the bridge contact the bridge operator on Channel 10 VHF (expect a delay in the bridge operator replying) requesting the next available bridge lift time.
2. The bridge operator will most likely ask your position and what type of vessel you are navigating.
3. The bridge operator will inform you of the next available bridge lift, ensure you adjust your speed to arrive at this time.
4. The bridge is controlled by Network Rail and trains on and off the Isle of Sheppey take priority.
5. The bridge operator must receive clearance from Sittingbourne signal box before any bridge lift will take place.
6. Once the bridge is raised, proceed through the channel as quickly and safely as possible.
7. If an incident occurs transiting the bridge, please note the details and inform **Medway VTS on Channel 74 VHF or call 0151 9496148** as soon as possible supplying full details. This report will be logged for future reference.
8. If after following this procedure you still encounter problems, please inform **Peel Ports London Medway on 01795 596596 or Medway.Marine@peelports.com** during office hours.

Environment Agency Jurisdiction

At Allington Lock the authority changes from Peel Ports London Medway to The Environment Agency.

Allington Lock is tidal and is operated from 3 hours before to 2 hours after High Water. The lock is manned at tide times only. **Telephone 01622 752864.**

The dimensions of the lock are 53.34m x 6.55m.

The maximum draught from Allington Lock to Maidstone is 1.98m. Craft navigating this part of the river should pass port to port and craft proceeding up river against the stream should give way to craft going down the river.

Pilotage

Port of Sheerness Ltd. is the Competent Harbour Authority for the River Medway and the Swale. Pilots are stationed at Archway House, Sheerness. **Telephone: 01795 662276**

SVITZER

SVITZER: YOUR TOWAGE PROVIDER ON THE RIVER THAMES AND THE RIVER MEDWAY

With the largest tug fleet on the river from Tower Bridge to the Havens and the Port of Sheerness to Chatham, Svitzer stands as a reliable presence 24/7, 365 days a year. Based in Gravesend and Sheerness, our tugs are crewed by seasoned professionals, each boasting extensive expertise to serve.

Svitzer operates a fleet of more than 500 vessels in over 40 countries worldwide.

Throughout its history of more than 190 years experience, Svitzer has been at the forefront of specialised marine activities including Harbour/ Coastal/Ocean Towage/ LNG Terminal Towage as well as Salvage operations and Standby - rescue services. With a diverse fleet built to the highest standards, Svitzer stands ready to serve you on the River Thames, the River Medway and worldwide.

TIDE TABLES

The Tidal Predictions for Sheerness, Chatham, Allington Lock, Walton-on-Naze, Margate and Shivering Sands are computed by The National Oceanographic Centre, copyright reserved.

NOTICE

ALL TIMES OF PREDICTIONS ARE GIVEN IN GREENWICH MEAN TIME (G.M.T.)

NO ADJUSTMENT HAS BEEN MADE FOR BRITISH SUMMER TIME (B.S.T.)

B.S.T. ONE HOUR IN ADVANCE OF G.M.T. STARTS SUNDAY 30th MARCH 2025 AND ENDS SUNDAY 26th OCTOBER 2025.

While every effort is made to obtain accuracy of times and heights of high and in low water, Peel Ports London Medway cannot be held responsible for any mistakes in these tide tables

Van Oord

Marine ingenuity

Van Oord is one of the UK's leading dredging and marine contractors. We specialise in capital and maintenance dredging, land reclamation, coastal defences and port developments and have a range of state-of-the-art dredging equipment.

We have been deploying Water Injection Dredgers and Trailing Suction Hopper Dredgers to Peel Ports for many years; these providing environmentally friendly and economic solutions to meet our clients' maintenance dredging requirements.

Group Flashing

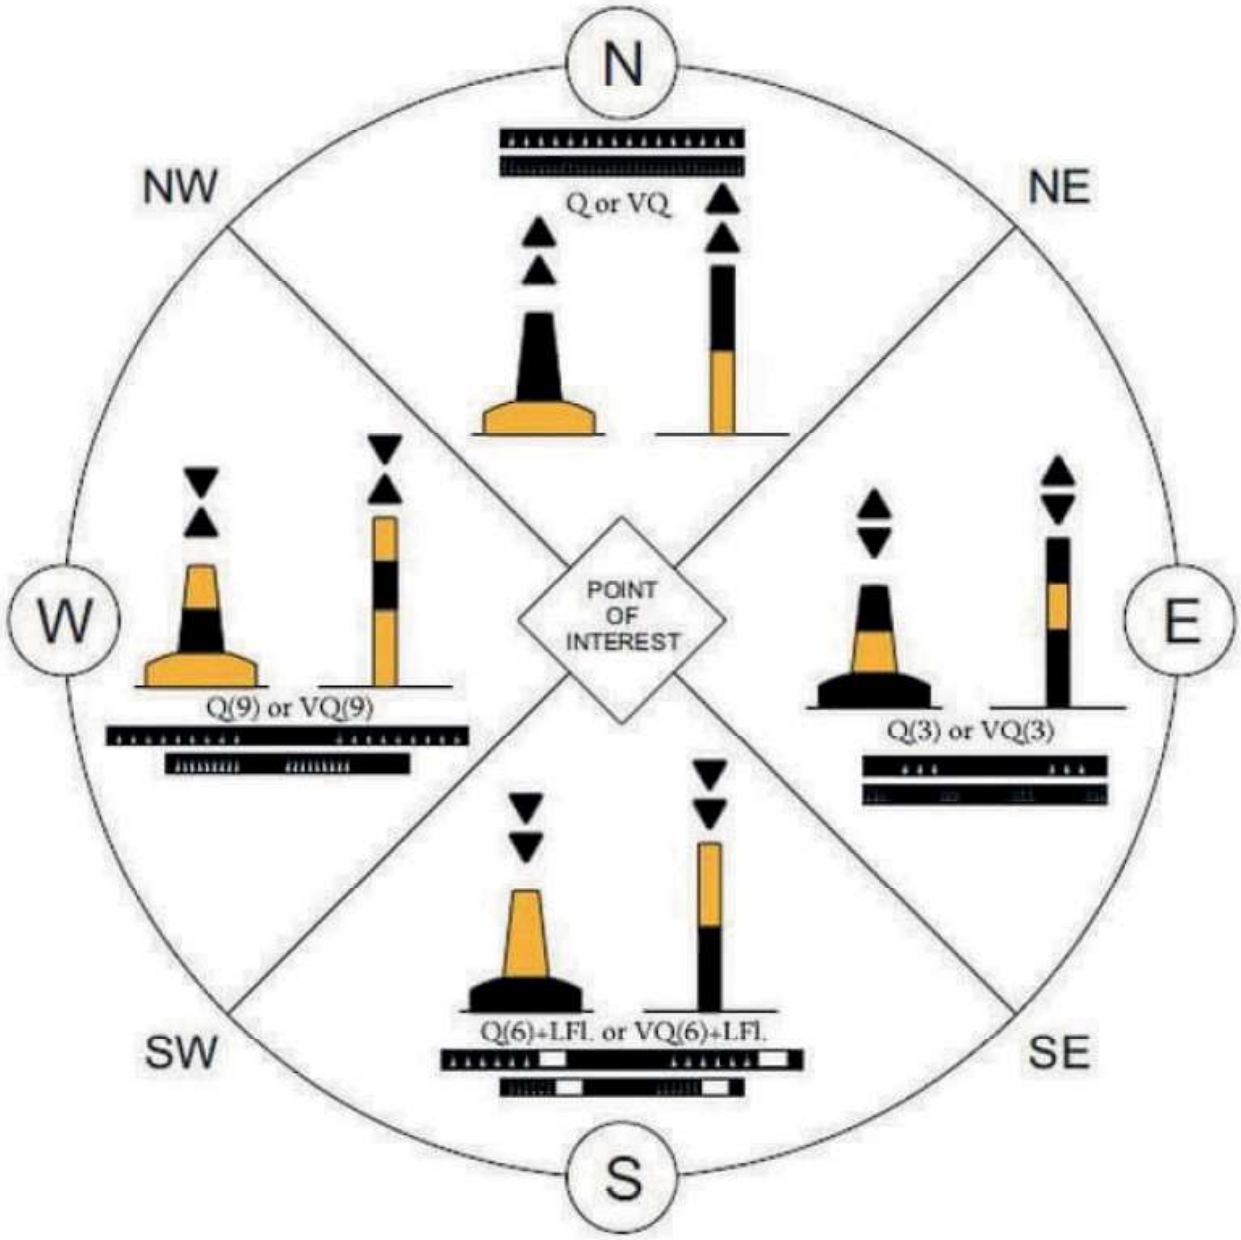

CONVENTIONAL DIRECTION OF LATERAL BUOYAGE

Note: The Arrows do not represent recommended traffic directions, indeed in some one-way lanes the traffic direction is opposed to the buoyage direction

IALA MARITIME BUOYAGE SYSTEM 'A' CARDINAL MARKS

Topmarks are always fitted (when practicable).
Buoy shapes are pillar or spar.

Lights, when fitted are white, **Very Quick flashing** or **Quick Flashing**; a South mark also has a **Long Flash** immediately following the quick flashes

MSBA

MEDWAY AND SWALE BOATING ASSOCIATION

The MSBA aims to promote and protect boating on the tidal Medway and Swale.

Previously known as the Medway Yachting Association, we represent over forty boating clubs and organisations with activities ranging from rowing, sailing, power boating, water skiing and even hovercraft, to groups of enthusiasts who restore and maintain classic vessels.

We are actively supported by national boating bodies such as the RYA and the Cruising Association and we work closely with Peel Ports, Medway Council, Swale Borough Council and other authorities to encourage them to consider recreational boaters in their plans. We also foster responsible behaviour towards wildlife and other users of our excellent boating waters which are so rich in maritime heritage.

BEFORE YOU GO AFLOAT

You will no doubt have heard people expressing the do's and don'ts of getting afloat. Regardless of whose advice you listen to the truth is that you should take a little time before you get out on the waterway to make sure you are as safe as possible.

The governing bodies for most sports and activities produce specific guidance for anyone participating in their particular disciplines. With such a range of activities happening on the waterway we cannot cover every possible sport. We recommend that you follow the RNLI Six Tips for a safe Trip and any activity specific guidance from governing bodies as a bare minimum. We also recommend that you register your craft with the local Coastguards Voluntary Safety identification Scheme CG66. All craft whether a kayak or motor yacht can be registered with the scheme.

The RNLI Six Tips for a safe trip : Remember **IT'S WET** !

Inform: tell others where you are going and when you intend to return

Training: knowledge of your activity is essential

Sos Device: carry a means of calling for help

Wear a Lifejacket: a life statement - useless unless worn

Engine, Fuel and Craft checks: have sufficient fuel and spares and check the condition of the craft and equipment

Tides and Weather: check the conditions before heading out

SAFETY AT NIGHT

You, like many other users, may be afloat after dusk and during the hours of darkness whether you're arriving from another port or just enjoying some fishing. As darkness presents its own dangers when navigation in the water way you must ensure that you do everything you can to minimise the risk to yourself and other users. The waterway is completely different at night and you need to alter the way you operate your vessel to suit the conditions, whether at anchor or underway. You must carry and show the correct lights.

Remember - when afloat at night or In reduced visibility:

GO SLOW, BE SEEN AND KEEP A LOOKOUT

GO SLOW In darkness, fog or when glare from the sun restricts your visibility, you must slow down to a safe speed. A safe speed is one at which you can stop and avoid a collision, considering the circumstances and conditions at the time.

Remember - the faster you go, the faster you approach hazards and hitting a hazard at speed can have a greater impact on you, your passengers and your boat.

BE SEEN You may be able to see others but can they see you? At night, every type of craft on the water needs lights in order to be seen. Whether you are paddling, rowing, sailing or motoring, everyone needs to be able to recognise where you are and what you are doing.

Make sure you have the right lights for your craft and that they work properly. Use them as soon as the sun goes down or when visibility is poor. Your lights should be mounted in a position that gives you optimum night vision and allow others to see you from every direction. Make sure you don't adversely affect your night vision, or the vision of other boat skippers

You should also carry a working waterproof floating torch. It may help others see you if you shine your torch on your sails or superstructure and always check your lights are working before you go leave.

KEEP A LOOK OUT

You must take particular care when navigating at night or in reduced visibility - it can be like looking into a black hole. Look and listen at all times, as a number of hazards such as logs, moored boats or sandbanks are unlit.

Navigation lights may not be as bright as other lights and background lights may hide something that is closer. If it is a large ship, the lights might be high and you may not realise that you are looking at the sides of a black hull.

If you have the slightest doubt, stop, ensure you are lit and have a good look around you. Navigation marks can help you navigate safely in the waterway. Navigation marks often indicate where hazards are, but should be coupled with reference to a map or chart and use of local knowledge of the area, particularly in the dark.

Kent & Essex IFCA
Inshore Fisheries and Conservation Authority

NOTICE TO ALL FISHERS

RIVER MEDWAY NURSERY AREA

NO FISHING IN MARKED AREA

Failure to comply may result in prosecution

The Saltmarshes and Mudflats of the Medway Estuary are vital nursery grounds for young fish, providing food and shelter for important species such as Bass, Mullet and Herring.

Help to protect these essential habitats to ensure fish reach adulthood and migrate out of the Estuary to join fish stocks in the North Sea.

SIGNALS DISPLAYED BY SURVEY CRAFT

International Code of Signals:-

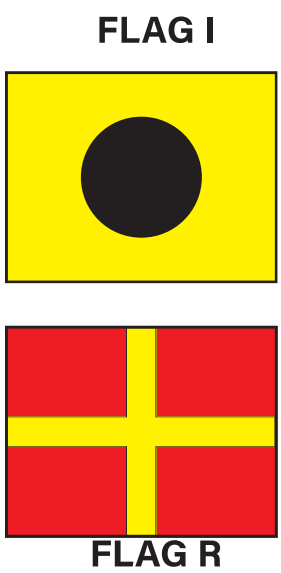

Flag "I" over Flag "R" - I am engaged in submarine survey work (underwater operations). Keep clear of me and go slow.

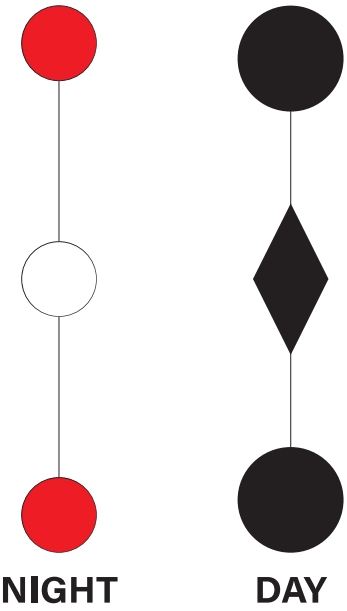

International Regulations for the Prevention of Collision at Sea, 1972, as amended.

Rule 27 (b) - A vessel restricted in her ability to manoeuvre, except a vessel engaged in mine clearance operations, shall exhibit:

(i) three all-round lights in a vertical line where they can best be seen. The highest and lowest of these lights shall be red and the middle light shall be white;

(ii) three shapes in a vertical line where they can best be seen. The highest and lowest of these shapes shall be balls and the middle one a diamond.
