Boarding and Landing Fuel Surcharge Update

Date of Issue: 30th September 2026

NOTICE IS HEREBY GIVEN that, as a consequence of continued ongoing geopolitical disruptions, which have resulted in further significant increase in fuel costs, the pilot boarding and landing fuel surcharge has been reviewed.

With effect from 1st October 2026, pilotage services requiring the use of a pilot launch will be subject to a fuel surcharge of £150.00 per boarding or landing activity, vessels requiring the services of an additional pilot will incur only one fuel surcharge for boarding or landing of both the pilot and the 2nd pilot. The surcharge will be levied in addition to all other applicable pilotage charges and will be continued reviewed as and when the geopolitical situation changes.
