Reefer Points Available:	Green = under 60% Amber = 60 - 80% Red = Over 80%	48%		
DCATS Status	Provide RAG Status and outline any issues with weather or anticipated delays.	66%		
Weather Status:	TODAY: Another cool and breezy day with sunshine and showers, some heavy with isolated thunderstorms and spot flooding possible. More persistent rain will develop later this afternoon in the west and will spread eastwards through the evening. Highest temperatures of 13 to 16 degrees in moderate southwest winds, fresher along west and southwest coastal areas.			
	TONIGHT:Early tonight, rain will clear eastwards and it will become dry for a time with clear spells. However, further scattered heavy showers will feed into western parts overnight. Lowest temperatures of 5 to 10 degrees with light to moderate southwest winds, fresh to strong on Atlantic coasts.
