

Mariners are advised that a hydrographic survey is planned at Shieldhall Berth, KGV Dock, in the River Clyde from Friday 10th to Monday 13th July. This work will be carried out by the survey vessels below:

Coastal Sensor	Coastal Sensor II	Marine Sensor
		

The vessels may be restricted in ability to manoeuvre during operational periods so mariners should navigate with additional care when transiting the area.

A listening watch will be maintained on VHF Ch12.
