

## NOTICE TO MARINERS – No. 11 2022

### PORT OF GREAT YARMOUTH

#### Flood Defence Works – Berth 22U

MARINERS ARE HEREBY ADVISED that flood defence improvement works will be undertaken at Berth 22U (Grist Mill, Cobholm), situated on the West bank of the river Yare between Haven and Breydon bridges (approximate position 52°36'50N 001°43'20"E). The work, being undertaken on behalf of the Environment Agency, will commence on the 6<sup>th</sup> June 2022 and continue for approximately four months.

At the start of the works (approximately 2 weeks), pontoons will be anchored extending up to 20m into the channel, and floating plant will be working to recover historic obstructions. Personnel will be working at the waterline, and workboats may be manoeuvring.

Piling works will then commence, with cranes and other plant working overside, and small modular pontoons for access deployed along the pile line.

Vessels should approach the area with caution and at slowest safe speed, and pass the work location giving a wide berth.

On behalf of **Harbour Master**

01<sup>st</sup> June 2022
