During the possessions, vessels that can transit the Hornby Passage may continue to do so and be able to use Langton Lock for access to and egress from the Docks. The Gladstone Dockmaster should be consulted in the first instance regarding suitability of vessels to transit the Hornby Passage.

Work will include drilling into the face of the lock wall on the River-side of the outer east gate, which will be done using a long-reach excavator extending over the edge of the wall. Vessels must pass the entrance to Gladstone Lock at suitable speed and distance to minimize the effects of wash.

The remaining possessions detailed in Notice to Mariners №14/2023 have been cancelled and that Notice is withdrawn.

Unless notice is given to the contrary, this Notice will be withdrawn at 14.30 on 29 March 2023.
