

Mariners are advised that work to replace the pontoons at West Jetty, Great Harbour is planned from Monday 22<sup>nd</sup> September 2025 for a period of approximately 6 weeks.

The existing pontoons will be removed in sections using a workboat and shore crane. New pontoons and an access bridge will then be installed. A listening watch will be maintained on VHF Ch12 during operational periods. Vessels are requested to navigate within Great Harbour at appropriate speed to minimise the effects of wash.

Estuary Radio may be contacted on VHF Ch12 or 0151-949-6651 (recorded line).
