

Mariners are advised that maintenance works are under way at BAE Scotstoun and will continue until approximately the end of March 2026. The works include replacement of safety ladders and handholds. Anodes will also be replaced on Dry Dock No3 gate. Divers will carry out the work from the vessel MV Oscar of Glasgow. During operational periods the vessel may be restricted in ability to manoeuvre. A listening watch on VHF Ch12 will be maintained.

Mariners are requested to navigate with additional caution when transiting the area.

#### **MV Oscar of Glasgow**

This Notice to Mariners will be cancelled on completion of the works.
