

NOTICE TO MARINERS

№98 – 2023

PORT OF LIVERPOOL

REMOVAL OF THE CAMMELL LAIRD (RWE) PONTOON

NOTICE IS HEREBY GIVEN that the removal of the pontoon structure (i.e. the anchors, walkways and floating pontoons) at the southern end of the Cammell Laird shipyard has been completed, and Notice to Mariners №81/2023 has been withdrawn.

Accordingly, the aids to navigation that were displayed from the seaward end of the structure have been discontinued. Mariners should update their records accordingly.

It is MDHC's intention to reinstate the previous aid to navigation that was displayed from the south-eastern corner of the Cammell Laird shipyard. A further Notice will be issued when this has been completed.
